

**SANTEE ELECTRIC COOPERATIVE, INC.
RESIDENTIAL SERVICE
SCHEDULE RES-B4**

S. C. 28 Williamsburg

Effective for bills rendered on and after May 1, 2025

AVAILABILITY

This Schedule is available only for domestic purposes to consumers living in private households, apartments, and other residential dwelling units including its appurtenances if served through the same meter.

TYPE OF SERVICE

The Cooperative will provide service at 60 hertz, single-phase 2 or 3 wires, or three-phase 3 or 4 wires, at our standard distribution voltages.

MONTHLY RATE

Account Charge: \$0.90 per day

Energy Charge per kWh: \$0.0650 per kWh

Peak Charge: \$12.00/KW

This charge is based on the

highest one hour of usage in the

billing cycle during these peak hours:

Summer

(April – October)

4:00 PM – 7:00 PM

Winter

(November – March)

6:00 AM – 9:00 AM

MINIMUM MONTHLY CHARGE

The minimum monthly charge under the above rate shall be the account charge for all members served under this rate schedule except those members for which a higher minimum monthly bill is required under the cooperative's standard policy because of special circumstances by the member affecting the cooperative's cost of rendering service. Minimum monthly billing requirements are further explained below under Service Provisions.

SERVICE PROVISIONS

- 1) The charges computed at the above monthly rate shall be subject to applicable South Carolina Sales Tax, franchise fees, assessments, and surcharges imposed by any governmental authority.
- 2) The minimum Contract Period for service provided under this schedule shall be one (1) year.
- 3) The rate shall be adjusted monthly by a TIER (Times Interest Earned Ratio) adjustment factor to cover wholesale power cost changes and a rate necessary to maintain TIER as set forth by the mortgage agreements between the cooperative and its approved lending agencies.

- 4) The normal point of delivery shall be the point of attachment at a location as designated by the Cooperative.
- 5) A contribution-in-aid of construction may be required to provide additional capacity adequate to service abnormal electrical load, excess facilities above a 200A service entrance without anticipated additional electric usage, or for an abnormal point of delivery.
- 6) The Cooperative's facilities used to provide electrical service have definite capacity limitations and can be damaged by overloads. Therefore, the Consumer must notify the Cooperative prior to making alterations to the service entrance equipment so that facilities of proper capacity may be provided. The Consumer shall be responsible for all expenses and or damages to Consumer's facilities resulting from failure to give proper notice. The Consumer may also be subject to a contribution-in-aid of construction for work required to meet the Consumer's alterations. The Consumer should contact the Cooperative for information concerning charges for such work.
- 7) Intermittent service connections and disconnections can be subject to an operating service charge of not less than \$30.00.
- 8) Bills are due upon receipt. Bills are delinquent 22 days from the Billing Date and subject to a late payment charge on the current bill equal to ten percent (10%) of the first \$25 and an additional two percent (2%) thereafter. Those unpaid after 30 days are subject to service disconnection.
- 9) The basic monthly bill will be increased by \$12.00 for three-phase service.
- 11) Temporary service or construction service shall be supplied at a single point of delivery and in accordance with the Cooperative's Line Extension Plan.
- 12) Service under this schedule is subject to the provisions of the Cooperative's Service Rules and Regulations.
